

BOXLINE UCL Koper strengthens its LCL EXPORT Department

With Ivana's (on the left) return from motherhood the Export Department of Boxline UCL Koper is strengthening significantly.

Ivana takes back the position of Export Manager and Nastja (on the right), that replaced her so well during the absence, takes over the position of Export Sales Manager

With two so nice but tough ladies on the lead we are very sure that our LCL export volumes both via Koper and via Milano will further grow.
